Motion

Whereas the current voting period places undue anxiety and stress on candidates and slates; and

Whereas voting on the third day of voting has a minimal impact on results;

Therefore, be it resolved that Section III, Subsection 1 clause (e) be struck and replaced with, “Week 5 (Voting Week): Voting shall be open a minimum of two days this week on a schedule set by the CRO.”, with part i and ii retained, of the Elections and Referendum Manual.
