### **Description of New Model**

- The new model will focus on the first three themes until MCYC builds a stronger volunteer basis, putting the fourth theme at a temporary pause. MCYC will do so by reactivating the leadership program, in partnership with WCCCC, arranging for weekly/biweekly leaders and mentors of the community to speak to a cohort of students (age range of 15-25). As part of their leadership training, MCYC will have fun and interactive networking events throughout the year as MCYC will have them actively participate in WCCCC events.
- Once a strong volunteer cohort has been established, MCYC may consider reactivating the fourth theme and relaunch MCYC's multicultural events.
- In this new model, previous years' executive members will serve as a mentor to existing members with strong leadership skills/potential. There will be designated coordinators for various activities and events as described above and an executive team to oversee all MCYC's activities.
