RE: **Report to the Board, November 2018**

New Updates

1. Potential Drag Show at the Hub next Term
 - a. RSAC has approached us about partnering to put on a drag show at the hub next term, with ideally bringing in a past contestant from the show RuPaul's Drag Race to headline the event and then bring in other local queens as well. We've started working with our marketing team to get quotes from different queens and I hope to have more to tell you about this cool event in the future! Right now we're aiming for early February for the date.
2. Frostfest
 - a. We've started preliminary work on organizing Frostfest for next term. Please book off the date of January 18th – as that is currently our planned date. We will have more to say about this event in the future – but if you have any feedback on what we could improve from Frosh let us me know!

Ongoing/Continuing Updates

1. Malpractice
 - a. Malpractice was a huge success as we sold out the social to 900 students and I think everyone had a great time. Thanks to RSAC for helping partnering with us for the event – everyone did a great job! We expect to walk away from the event with a healthy surplus.

Events & Meetings Attended, since our October 25th Meeting
