**Article 6: Executive Terms of Office**

Executives may hold office for as long as they are University of Manitoba students enrolled in any undergraduate or post graduate program.

**Article 7: Transition of the Executives**

New executives are appointed by previous executives and senior group members who themselves have either served as executives or have been active members of the group for many years. The following is a brief description of how this process works. We have two senior (non-student) group members, Frank and Elizabeth Koop, who have been with the student group for 15 years. They are both actively involved in mentoring students one on one. When an executive is about to graduate, be it president or vice president, then Frank and Elizabeth together with the outgoing executive will discuss who would be a good candidate to replace the outgoing executive. After having agreed on who that new student might be they will approach that student, normally a first year or second year student, someone who has become very involved, active and interested in the group and ask if he or she would be interested in being the president or vice president of the group. If the student is happy to do it then the transition of Executive is complete.

**Article 8: Meetings**

The President may call an Executive meeting at any time, on at least 24 hours notice. There shall be at least one Executive meeting per month during the academic year (September to April)
