RE: **Report to the Board, February 2022**

New Updates

UMSU Offices

We have decided to keep the majority of office staff remote until the 22 of February. At the time of this report we hope to return and prep for students returning to campus on February 28.

Service Centre and businesses will remain open until this time.

Meeting with NDP

I won't steal Emily's thunder and let her go into detail about the meeting. It was very productive as we were able to gain insight on how to improve our international student health care proposal.

UMSU Survey

We have received many emails from students expressing their concern with returning to campus this Winter. We have directed them to our Survey. This is a reminder to please fill out the survey and share your thoughts and feelings. The best way we can advocate for students is by knowing their opinions.

CASA

We met with the chair of CASA to discuss the upcoming virtual lobby week happening the week of February 14

CanU

March 10 Meeting

Continuing Updates
