

New Updates

Student Clubs

- Forms for Club Recognition and Renewal have been sent out for new executives to fill out.
- This year for a club to get benefits, it has to have a constitution and complete Consent culture workshop with either Justice for Women or Bringing in the Bystander workshop with the Sexual Violence Resource Centre
- There has also been an update to the forms used by clubs to request for funding from MSC as well as Community Initiative Funding. Everyone will be trained how to use the new forms on the first Student Executive Assembly, which will be announced shortly, so it is important for as many executives to attend.

Canadian Organization of Campus Activities (COCA)

- Some of us executives have just come back from Ottawa from a conference where we met other executives as well as Full time staff who work on the Student Life like clubs, events, campaigns, marketing and so much more.
- We met different creatives and people who we can invite for events in the future and would be really beneficial to students as we get back to engaging the campus more.
- We also learnt a lot through different education sessions about various areas that will help us plan the year better.

Black Manitobans Chamber of Commerce

- On Friday May 27th, the Black students Rep and I attended the Inaugural Gala Opening of BMCC which is an organization that supports Black Manitobans with businesses or even those who would like mentorship in starting their own businesses.
- We are to set up a meeting in order for us to find a way for Black students interested to get in touch and receive support and mentorship with different leaders and prominent business people in the community.

Continuing Updates

Pride Month

University
of Manitoba
